Safety Glasses

AOSafety Virtua™ Safety Eyewear

Lightweight design, feels almost like its not there

- Sleek, 9.5-base lens provides superior protection while offering unobstructed view

Tough polycarbonate construction is designed to resist impacts and block 99.9% of UV rays. Features contoured, flexible temples, and universal-fit nosebridge. Choose from two lens coatings: hard coat or antifog. The hard coat guards against scratches, static, and chemical attack.

Compliance: ANSI Z87.1-2003

86472-70

Catalog number	Frame color	Lens	Price per pair
